Welcoming Remarks: Vice-Chair Updike welcomed everyone and thanked them for attending.

Approval of Agenda: Mindy Benson motioned to approve today's agenda. Curtis Woten seconded the motion. All in favor. Motion passes.

Approval of Minutes: Luke Erpelding motioned to approve the September ISICSB Meeting Minutes. David Ness seconded the motion. All in favor. Motion passes.

SWIC Report: SWIC Nichols reports the Motorola Upgrade Operations Kick Off meetings began – contact SWIC Nichols for slides that went out.

SWIC Nichols attended the Central States COMDEX in Joplin, MO. She reports this was a great experience and would urge anyone interested to plan for the event in 2026. SWIC Nichols reports that this is the largest Communications exercise in the world – so much so that other regions and states are attending to learn how to replicate it.

Regarding the Iowa teams that attended the Central States COMDEX, there were 29 states represented and 314 individual registrants. During the closing ceremonies, only two honors were given in which Iowa were recipients of both. The Story County Team earned honors for their outstanding teamwork and dedication when they secured 1st place in the NIFOG Escape Room Challenge. On day two, they took on the more complex NCSWIC Escape Room, a task that typically takes two hours to complete. They completed the challenge 30 minutes faster than any previous team ever had.

SFC Mills of Iowa's 71st Civil Support Team was at the event working toward his COML and was acknowledged by his evaluator for exceptional innovative insight, hardwork, and dedication in a communications exercise.

Nic Briseno successfully completed the NIMS All-Hazard Communications Unit Leader Train the Trainer course. Nic traveled to Urbana, IL to obtain that certificate which will allow him to instruct COMU courses in Iowa. Congratulations to Nic and thank you to Story County for their extensive support of the COMU program.

SWIC Nichols attended her first amateur radio event hosted by Montgomery County ARES. She was able to see some high frequency demonstrations where they communicated with the states of California and Washington – earlier in the day before she arrived, the group was speaking with Switzerland and Berlin.

SWIC Nichols reports that next week is NENA and APCO and MTUG, as well as an ICS 400 course in Tama County.

SWIC Nichols encouraged stakeholders to attend their Regional Interoperability Committees (RICs).

SWIC Nichols reminded everyone to use and check StatusBoard. If there is a talkgroup discrepancy, the best practice is for dispatch to coordinate amongst themselves on the fly on the radio – explain the situation and ask or direct them to another talkgroup.

911 Council Report & E911 Program Manager: 911 Program Manager Blake DeRouchev informed the group about three upcoming learning opportunities:

- October 29, 2024 – GIS informational call – will include informational sharing and a question/answer session – contact Blake if interested in participating
- November 19, 2024 – PSAP Leadership Training – class is currently full, but another course will be held later in the year
- January 2025 – 988 informational webinar – more info to come later

User Group Committee (UGC): UGC Chair Vandewater reports the Committee met and there were no new applications to review. The Committee discussed ISICS Standard 2.8.0 – Requesting Access and Participation and ISICS Standard 5.1.0 – Hospital Access, which are both up in New Business to approve posting for 30-day public comment.

Finance Report: The monthly net expenditures for September 2024 for the Interoperable and Broadband Communications Fund were \$16,920.06. The remaining amount available is \$163,003.48.

Governance Committee: SWIC Nichols reports the Governance Committee met and reviewed Standards 2.8.0 and 5.1.0. A few unsubstantial changes were made to ISICS Standard 2.3.0 – System Login Naming Maintenance. The Committee also began reviewing ISICS Standard 7.1.0 – Standards Compliance Process.

Operations Committee: SWIC Nichols reports the Operations Committee met and reviewed Standards 2.8.0 and 5.1.0. The Committee also discussed ISICS Standard 2.4.1 – Bi-Directional Amplifiers.

Training & Outreach Committee: SWIC Nichols reports the Training Committee met and the three whitepapers – PTT Land Mobile Radio; Radio Registration, Affiliation, and Scanning; Two-Way Communication Patching – have been finalized and are ready to be posted to the website. The papers have been reviewed and revised many times and vetted by ISICSB Committees and System Administrators extensively.

Technology Committee: Technology Chair Updike reports the Committee met twice and reviewed ISICS Standard 3.11.0 – Talkgroup Site Access and Roaming. The standard is up for approval for 30-day public comment under New Business.

The Committee also reviewed Standards 2.8.0 and 5.1.0. Work also continues on Standard 2.4.1 – Bi-Directional Amplifiers.

FirstNet Broadband Subcommittee: FirstNet Subcommittee Chair Benson reports the Subcommittee met and discussed continuing to encourage users to sign up on Who's on FirstNet. AT&T representatives also gave a coverage map update.
