Purpose and Summary

Pursuant to Executive Order 10, the Department proposes to rescind Chapter 28 and adopt a new chapter in lieu thereof. The proposed chapter provides for the processes to report and investigate marijuana operations and outlines eradication procedures for cultivated and uncultivated marijuana.

Analysis of Impact

1. Persons affected by the proposed rulemaking:

- **Classes of persons that will bear the costs of the proposed rulemaking:**

Any landowner who has wild uncultivated marijuana growing on their property would be responsible for the cost to remove it.

- **Classes of persons that will benefit from the proposed rulemaking:**

Any person wishing to report a marijuana operation in Iowa will benefit from instructions on how to report the operation to law enforcement. Law enforcement will also benefit from having a clear understanding of investigative procedures once a report has been received.

2. Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:

- **Quantitative description of impact:**

Any landowner who has wild uncultivated marijuana growing on their property would be responsible for the cost to remove it.

- **Qualitative description of impact:**

Illegal marijuana operations will be eradicated and investigated upon receipt of a report.

3. Costs to the State:

- **Implementation and enforcement costs borne by the agency or any other agency:**

There are none.

- **Anticipated effect on State revenues:**

There is no anticipated effect on State revenues.

4. Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:

There is virtually no cost to comply, implement, or enforce this rulemaking. The public and law enforcement benefit from having clearly defined reporting and investigative procedures.

5. Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:

The Department has determined that this is the least costly and least intrusive method for achieving the purpose of the proposed rulemaking.

6. Alternative methods considered by the agency:

- **Description of any alternative methods that were seriously considered by the agency:**

None were identified.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

Not applicable.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.
- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.
- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.
- Establish performance standards to replace design or operational standards in the rulemaking for small business.
- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

There is no substantial impact on small business.

Text of Proposed Rulemaking

ITEM 1. Rescind 661—Chapter 28 and adopt the following **new** chapter in lieu thereof:

CHAPTER 28
MARIJUANA ERADICATION PROCEDURES

661—28.1(80) Reports of marijuana. Persons wishing to report marijuana growing in Iowa, whether cultivated or uncultivated, may contact any local law enforcement agency within the state of Iowa or the Division of Narcotics Enforcement by telephone through the toll-free Marijuana Hotline at 1.800.532.0052.

661—28.2(80) Cultivated marijuana. Upon receipt of information pertaining to marijuana cultivation or harvesting, the department of public safety, division of narcotics enforcement, may coordinate with the department of agriculture and land stewardship to investigate.

661—28.3(80) Uncultivated marijuana. Upon receipt of information pertaining to wild uncultivated marijuana, the department of public safety, division of narcotics enforcement, will notify the county sheriff or chief of police of the report. After the sheriff has been notified, the department of public safety, division of narcotics enforcement, will notify, by regular mail, the owner of the land where uncultivated marijuana has been reported and will request that the landowner voluntarily remove the marijuana. Notification to a landowner of information regarding uncultivated marijuana growing on the landowner's property, as provided in this rule, is intended to obtain voluntary cooperation in the eradication of marijuana. The county sheriff and the local police chief, if any, will be sent copies of the notice, also by regular mail.

661—28.4(80) Scope and limitation. Nothing in this chapter shall be construed to be a restriction or limitation upon the nature or scope of the authority of any member of the department of public safety or of any other public officer as otherwise provided by law.

These rules are intended to implement Iowa Code section 80.5.
