

Iowa Uniform Crime Reporting (UCR) Program

2021 Revisions

Introduction

This document is intended to provide specific information related to the 2021 technical specification revisions, and is a companion document to the Iowa UCR Technical Specification. The document provides information on changes to both the National Incident-Based Reporting System (NIBRS) and Iowa-specific data elements and codes.

Revisions to NIBRS Data Elements and Values

Numerous revisions were made to the NIBRS data elements and values to ensure compliance with the FBI technical specification. See below for the specific changes.
