

Kip Hayward Award for Drug Recognition Expert Program

The Iowa Drug Evaluation and Classification Program annually recognizes outstanding drug impaired contributions by individuals based on their commitment in furthering compliance with impaired driving laws and reducing traffic-related deaths and injuries in the State of Iowa. Their dedication resulted in providing exemplary service to the citizens and fellow officers of the State of Iowa. Please use this form to nominate someone who has excelled in their efforts this past year.

To qualify for the award, a nominee must be an Iowa DRE or civilian with a significant impact on the Iowa DRE Program, not have won in the past, and contributed in a leadership role for traffic safety advances. Provide a summary of why they should be recognized. Cite how their actions affected a change. Keep in mind the goal of a traffic safety program is to reduce traffic deaths and injuries. The Kip Hayward award is the highest honor that an Iowa DRE, or civilian with a significant impact on the Iowa DRE Program, can achieve. If your entry needs audio or visual substantiation, please indicate if those must be returned. Decisions by the Awards Committee are final.

The Kip Hayward Award will be presented at the Governor's Highway Traffic Safety Conference. Winners will be notified and invited to the Awards Luncheon.

Complete the following together with the reason(s) for recognition and submit to the Todd Olmstead by **March 15, 2020**.
