Throughout the protest events of recent weeks, a variety of crimes have been committed by persons present at these events. Des Moines Police Department detectives have continued to follow up on these crimes, and arrests are being made.

Today, officers monitoring a protest at the State Capitol arrested three people for charges related to the damage done during the protest at Hy-Vee, 3221 SE 14<sup>th</sup> Street, on 20 June 2020. Those arrests were made without incident within the Capitol building.

As officers and Iowa State Patrol troopers attempted to escort an arrestee out of the building, a large crowd of protestors followed them into the parking lot. The crowd surrounded the officers, with at least one person attempting to physically block their path.

As officers attempted to arrest this person, several people in the crowd began to assault the officers. Violent physical attempts were made to pull the arrestees from the custody of the police officers. The police officers were also pushed, pulled, hit, and jumped on.

At one point, a protestor assaulted a police officer by jumping on his back, placing him in a chokehold, and wrestling him to the ground. As they struggled on the ground, the officer was disarmed of his duty handgun. The officer was able to recover the handgun. This protestor was arrested.

The crowd continued to be aggressive with law enforcement officers. Nearly 50 law enforcement officers from the Des Moines Police Department, Iowa State Patrol, and other State law enforcement agencies were required to restore order. During this process, multiple additional arrests were made.

Pepper spray was deployed during this event.
