Business

Business Lookup

Enter any search criteria to view the licensing information of any active or past licensed business.

You can list all licensed types of businesses by selecting the applicable Service Classification from the drop down list. All actively licensed businesses in that classification will be listed.
(Example: to list all licensed fire extinguishing contractors, select Fire Protection from the Service Classification drop down list and click the Search button.)

Business Name:

License Number:

License Classification:

Business Address City:

Business Address County:

Primary License Endorsement(s):

- Click on the triangle to expand the search record and see the license or certification information. You can also see staff names, when applicable, and view license or certification information for the individual by clicking on the staff member name.
